

Aloha Toe Ring Toe Sizer

1. Carefully cut out sizer
2. Fold on the broken lines.
3. Use a small piece of tape to join the folded flaps. The idea is to create a 'belt buckle' (this allows the end of the sizer to slip through the opening).
4. Place the sizer around the tip/pad of the chosen toe. PULL TIGHTLY and record the size.
5. Wrap the sizer around the middle of the chosen toe (between the 1st and 2nd knuckle, just after the toes pad). Record the size.

\*\*\* An Aloha Toe Rings Foot Jeweler will analyze the sizes you provide to determine the correct size to style match.

SIZE AT TIP \_\_\_\_\_  
SIZE AT MIDDLE \_\_\_\_\_
